Statements.

Net Contents:

Bio-Eco Insecticide is a natural, bio-based formulation made from food grade ingredients that kills bugs on contact. Use in drains to control fruit flies; as a crack and crevice spray to provide residual protection from crawling insects; or as a direct contact spray.

This product contains peppermint oil, which also provides aromatherapy benefits and has been proven to provide temporary relief of respiratory problems. According to the definition established by the Association of Occupational and Environmental Clinics, this formulation is asthmagen-free.

Bio-Eco Insecticide:

- World-Wise Certified • Bio-based • VOC-free • Asthmagen-free

Safer in use for people, animals and the environment, yet the formulation works quickly to control insects.

Bio-Eco Insecticide Kills: Ants, beetles, centipedes, cockroaches, crickets, earwigs, fleas, fruit flies, silverfish, spiders, termites, ticks and many other crawling insects. Do not use this product to control bees, wasps or hornets.

DIRECTIONS FOR USE:

USE ACCORDING TO LABEL INSTRUCTIONS.

For Controlling Fruit Flies:

Using trigger sprayer, spray product into and around the entire interior surface of drain, which will coat food source of fruit flies and eliminate them as they make contact. Treat at regular intervals to prevent further infestation.

For Indoor/Outdoor Applications:

Thoroughly apply product to all visible insects to ensure a rapid kill. Make sure all insects receive a thorough coating of product. Resilient insects may require additional treatments of product.

Note: Product may make floor surfaces slippery. Use a mild detergent/water solution to clean product from floor surfaces.

For Crack/Crevise Treatment:

The product has demonstrated residual activity on certain crawling insects. Thoroughly apply product to all cracks and crevices where insects may be hiding or nesting.

Product may stain or alter the appearances of substrates including but not limited to baseboards, drywall, painted surfaces and concrete. May also stain carpet or fabrics. Test in an inconspicuous area first. To minimize staining, wipe away excess with an absorbent cloth and mild detergent/water solution.

Made and Printed in U.S.A.

7NB142-12

Batch#:

Use this biobased ready-to-use insecticide in and around apartments, barns, child care facilities, commercial buildings, nursing homes, dormitories, factories, hospitals, hotels, offices, warehouses, schools, trucks, trailers, etc. It may also be used in non-food areas of grocery stores, restaurants and food processing facilities.

Active Ingredients: From Plant Essential Oils

Soybean oil..... 87%
Peppermint oil 3%

Other Ingredients:

Ethyl Lactate 10%
TOTAL 100%

Precautionary Statements: Avoid contact with skin and eyes.

EMERGENCY AND FIRST AID PROCEDURES:

EYES: Immediately flush with water for at least 15 minutes. If symptoms develop call a physician.

SKIN: Wash with soap and water. If irritation persists, call a physician or poison center.

INHALATION: Not likely an issue. If symptoms are experienced move person to well-ventilated area. If irritation continues call a physician or poison center.
