

# Orange Lift Station Maintainer

**Caution**  
Keep Out Of Reach  
Of Children.  
See Side Panel For  
Additional Precautionary  
Statements.

## Net Contents:

- LONG LASTING
- DISTILLED FROM ORGANIC PLANT AND VEGETABLE MATERIAL.
- CONTAINS NO PETROLEUM DISTILLATES.

**Orange Lift Station Maintainer** is especially designed to clean and deodorize lift stations. The superior solvency of the product cuts grease and slime from the sidewalls of the station while the fresh smelling orange oils of the base deodorize even the most malodorous facilities.

## DIRECTIONS:

Add sufficient material so that 1" (2.5 cm) or 2" (5.1 cm) of material floats on the surface of the water. This material will dissolve and solubilize grease accumulations in the lift station, as well as the grease accumulation on the side walls where it comes in contact.

Contact an AMRO representative for your suggested weekly maintenance dose. The recommended maintenance dose (1/4 of your initial dose per week) is strictly a suggested starting point. Conditions of use and load requirements may cause this to vary widely.

## IMPORTANT:

Be sure float is solvent resistant and is set, so the water level never goes to the point where the station is completely pumped out. Enough water should always remain in the station, to keep this maintainer intact. Submersed pumps and wiring must be solvent resistant. **Orange Lift Station Maintainer** will attack plastics, rubber, neoprene and soft materials. **DO NOT USE THIS PRODUCT IN A TURBULENT LIFT STATION.**

When using a metering pump with this product, you must use Viton® tubing.

For food plant and other industrial use, avoid contamination of food in the application and storage of the product. Do not use in food handling areas.

## Batch#:

### CAUTION:

Contains d-1, 8(9)-p-menthadiene (CAS # 5989-27-5). This product is combustible, and should be stored in a cool place, away from exposure to extreme heat and open flames. Harmful if swallowed. Avoid eye and skin contact. Skin contact can remove natural skin oils.

### EMERGENCY AND FIRST AID PROCEDURES:

**EYES:** Immediately flush with plenty of water for at least 15 minutes. Get prompt medical attention.

**SKIN:** Wash with soap and plenty of water. If symptoms develop, seek medical attention.

**INHALATION:** Remove to fresh air. If symptoms develop, seek medical attention. If not breathing, give artificial respiration.

**INGESTION:** DO NOT induce vomiting. Get medical attention immediately. If vomiting occurs, have victim lean forward to reduce risk of aspiration.

An MSDS for this product is available through AMRO's website at [www.amroproducts.com](http://www.amroproducts.com), providing 24 hour access. Please read the MSDS carefully and follow all directions when using or handling this product. Never reuse empty containers. Incompatible materials may adversely react.
