

# Floor Drain Treatment

**Caution**  
Keep Out Of Reach  
Of Children.  
See Side Panel For  
Additional Precautionary  
Statements.

## Net Contents:

AMRO's Floor Drain Treatment is formulated from nature's renewable resources, providing a natural way to keep floor drains clean and clear.

- Floats on water layer to seal and mask offensive odors.
- Natural solvent cuts slime and grease build-up on pipe walls.
- Starves moth flies (drain flies) and other insects by eliminating their food source.
- Eliminates potential for dry drains due to evaporation.

## Safe and Easy to Use!

- Simply pour into drain for round-the-clock action.
- No acids, no caustics.
- Completely biodegradable.
- Fresh citrus scent.

## DIRECTIONS FOR USE:

For maximum effectiveness, **Floor Drain Treatment** should be used as a part of a regularly scheduled drain treatment program.

To treat a typical 4-inch diameter floor drain, first fill the drain with water. Then, slowly pour one pint (16 ounces) into drain. It is best to treat at the end of the workday when flow is at a minimum. Recharge monthly or after large flow with 8 ounces of product.

To test for the presence of moth flies, cover the drain opening with plastic wrap. Within 48 hours, larvae will appear on the plastic if the drain is infested.

To treat a sump, slowly pour in enough product to provide a one-inch layer. To roughly determine how much product to use, multiply the width of the sump by the length and divide by 2. That will give you the amount of product to use in gallons.

This product will harm some plastics, rubber, neoprene and other soft materials.

When using a metering pump with this product, you must use Viton® tubing.

## Batch#:

### CAUTION:

COMBUSTIBLE LIQUID. Store in a cool place away from exposure to extreme heat or open flames. Harmful if swallowed. Avoid contact with eyes and skin.

### EMERGENCY AND FIRST AID PROCEDURES:

**EYES:** Immediately flush with plenty of water for at least 15 minutes. Get prompt medical attention.

**SKIN:** Wash with soap and plenty of water. If symptoms develop, seek medical attention.

**INHALATION:** Remove to fresh air. If symptoms develop, seek medical attention. If not breathing, give artificial respiration.

**INGESTION:** DO NOT induce vomiting. Get medical attention immediately. If vomiting occurs, have victim lean forward to reduce risk of aspiration.

An MSDS for this product is available through AMRO's website at [www.amroproducts.com](http://www.amroproducts.com), providing 24 hour access. Please read the MSDS carefully and follow all directions when using or handling this product. Never reuse empty containers. Incompatible materials may adversely react.
