Caution

Keep Out Of Reach Of Children. See Side Panel For Additional Precautionary Statements.

Net Contents:

- Non-Polluting
- · Outstanding Grease Cutter
- Long Lasting Suds
- NPE-Free
- · No Phosphates
- · Phosphorous Free
- · Leaves No Residue
- · Works Well In Hard Water

Super Suds is a special blend of wetting agents and emollients for hand washing of dishes, cutlery and pots and pans. Its special formulation works well, even under the heavy grease and soil conditions encountered in institutional kitchens such as cafeterias, school lunchrooms, convalescent and hospital kitchens, restaurant kitchens, etc.

DIRECTIONS:

For dishes, use 1/2 to 1 ounce (15 to 30 mL) per gallon (4 L) of water. For pots and pans, use 1 to 2 ounces (30 to 60 mL) per gallon (4 L) of water. Heavy soil loads may increase the amount of **Super Suds** needed.

For food plant and other industrial use: Equipment, utensils or surfaces subject to direct contact with food are to be thoroughly rinsed with potable water before reuse.

DIRECCIONES:

Para lavar trastes use media a una onza (15 a 30 ml.) por un galon (4 litros) de agua. Para sartenes y cazuelas use una a dos onzas (30 a 60 ml.) por galon de aqua. Para trastes demasiados sucios aumente la cantidad de **Super Suds**.

Batch#:

CAUTION:

Contains blend of an ionic and nonionic surfactant. Avoid contact with eyes.

EMERGENCY AND FIRST AID PROCEDURES:

EYES: Flush with plenty of water for at least 15 minutes. If irritation persists, call a physician or poison center.

SKIN: Wash with soap and plenty of water. If irritation persists, call a physician or poison center.

INHALATION: Remove to fresh air. If irritation persists, call a physician or poison center.

IF SWALLOWED: DO NOT INDUCE VOMITING. Call a physician or poison center immediately.
