

Bacterial Block

Caution
Keep Out Of Reach
Of Children.
See Side Panel For
Additional Precautionary
Statements.

This bacterial block is manufactured with licensed, patent pending Inter-Core Technology for faster bacterial action.

- The core of the block consists of 5 billion CFU/g count of a special bacterial blend that is released as a slug dose into the waste stream within minutes.
- The outer shell is a special blend of bacteria. The 5 billion CFU/g block is designed to release its bacteria over an extended time (60-180 days).

Ideal for lift stations and mains, the block provides an initial slug dose and then a continual source of bacteria to biodegrade grease and other organic wastes. The slow release shell of the block provides 60-180 days of grease and odor control.

- Eliminates odors.
- Near neutral pH.
- Easy installation with minimal ongoing attention.
- World-Wise Certified as safer for both the environment and user.
- Works at temperature range of 48°F to 120°F, with an optimum temperature range of 60°F to 110°F.
- Reduces organic solids and sludge.
- Reduces Hydrogen Sulfide.
- Lowers BOD, COD, TSS and FOG.

DIRECTIONS FOR USE:

Manholes and Mains: In manhole, block should be placed in the invert nearly vertically on the upstream end of the U channel.

Net Contents:

Made and Printed in U.S.A.

NB489-12

Lift Stations: Block should be used in low flow applications. Suspend the block so the entire block is submerged below the water at its lowest level.

Lift Station Flow	Block Size	Number of Blocks
Under 50,000 gal.	2 lb.	1
50,000-100,000 gal.	2 lb.	2

EMERGENCY AND FIRST AID PROCEDURES:

EYES: Flush eyes with cool water for at least 15 minutes while keeping eyelids open. If irritation persists, seek medical attention.

SKIN: Wash with soap and water. Launder clothing. If irritation or redness persists, seek medical attention.

INHALATION: Not applicable.

INGESTION: Thoroughly rinse mouth with water. Drink one or two glasses of water. Slight gastrointestinal discomfort may occur.

An MSDS for this product is available through AMRO's website at www.amroproducts.com, providing 24 hour access. Please read the MSDS carefully and follow all directions when using or handling this product. Never reuse empty containers. Incompatible materials may adversely react.
