Net Contents:

Enzyme Odor Eliminator's powerful enzymes, surfactants and deodorizers combine to eliminate tough odors throughout your facility:

- Specifically-targeted enzymes eliminate source of odors.
- Popular cinnamon-blend fragrance.
- No hazardous components, no VOC's, ranked zero in all HMIS numbers.
- Super-concentrated for maximum economy.
- Versatile, water-based product can be used as a space spray, in mop water, even as a light-duty cleaner.

APPLICATIONS AND USE DIRECTIONS:

Washrooms, locker rooms, shower rooms: For long-term concentrated deodorizing, spray all surfaces with a light mist of **Enzyme Odor Eliminator** diluted 10:1 with water. Pay special attention around the base and sides of fixtures. To deodorize and clean, wipe or mop surfaces with a 32:1 solution.

Garbage areas, chutes and dumpsters: For long-term concentrated deodorizing, mix a 5:1 solution in a Chapin sprayer and completely saturate area. To clean and deodorize, use a 32:1 solution and a low-pressure hose end sprayer.

Pet areas, kennels: To eliminate odors, spray troublesome areas with a 15:1 solution using a Chapin sprayer or a trigger sprayer with a straight stream. For daily cleaning and odor control, wash all hard surfaces with a 32:1 solution. A small amount may be put in all cage waste trays.

Hallways, elevators, jail cells: To eliminate odors, spray troublesome areas along baseboards and in corners with a 10:1 solution using a Chapin sprayer or a trigger sprayer with a straight stream. To clean and deodorize, wipe or mop hard surfaces with a 32:1 solution.

Patient rooms, dormitories, hotel rooms: Using a trigger sprayer at the broadest setting, spray a 20:1 solution in malodorous unoccupied areas.

Made and Printed in U.S.A.

Batch#:

Grease traps, drains, garbage disposals: To control odors and aid in the digestion of organic waste, initially treat the drain with 6-8 oz. (175-235 mL) of product. Follow-up with weekly maintenance doses of 2-4 oz. (60-120 mL).

Marine and R/V holding tanks, portable toilets: After cleaning, pour 8 oz. (235 mL) of product into tank for long-lasting odor control and to aid in the digestion of organic waste.

Sustained contact with vinyl and other plastics may cause discoloration. Rinse overspray from these surfaces. Concentrated overspray may discolor carpeting, vinyl wallpaper or vinyl flooring. Never use product undiluted for cleaning or spray deodorizing.

EMERGENCY AND FIRST AID PROCEDURES:

EYES: Immediately flush with plenty of water for at least 15 minutes and call a physician or poison center.

SKIN: Wash with soap and plenty of water. If symptoms develop, seek medical attention.

INHALATION: Remove patient to fresh air. If symptoms develop, seek medical attention. If not breathing, give artificial respiration.

INGESTION: DO NOT induce vomiting. Get medical attention immediately.

An MSDS for this product is available through AMRO's website at www.amroproducts.com, providing 24 hour access. Please read the MSDS carefully and follow all directions when using or handling this product. Never reuse empty containers. Incompatible materials may adversely react.
