**Caution**  
Keep Out Of Reach  
Of Children.  
See Side Panel For  
Additional Precautionary  
Statements.

## Net Contents:

**Diamond Bright Stainless Steel Polish** is a bio-based formulation that provides an ecologically sound solution for your polishing needs.

**Diamond Bright** cleans and polishes to make stainless steel and other metals shine, while protecting and preserving the finish.

- World-Wise Certified
- Resists Fingerprints
- Contains No Acids or Abrasives
- Will Not Leave a Powdery Residue
- Fresh Cucumber Melon Fragrance
- Bio-based
- Low VOC's

Removes...

- Spots • Grease • Marks
- Film • Fingerprints • Watermarks

Use on...

- Stainless Steel • Aluminum • Chrome

## DIRECTIONS:

Spray a small area and wipe clean with one cloth. Then polish with a clean, dry cloth. The surface gloss is renewed and will be retained. For extremely hard water deposits, allow product to sit on surface a couple minutes to break through build-up, then agitate if needed and wipe clean.

Not to be used on cooking utensils, such as pots, pans, knives, forks or spoons. When cleaning food contact surfaces, rinse with potable water and wipe dry.

Product can also be used as a general purpose cleaner on other hard surfaces, such as counter tops, table tops and file cabinets. Spray a small area and wipe clean with one cloth. Then wipe again with a clean, dry cloth to remove any residual and moisture.

If unsure of surface compatibility, test in a small inconspicuous area before use.

## Batch#:

### EMERGENCY AND FIRST AID PROCEDURES:

**EYES:** Flush with plenty of cool water for at least 15 minutes. If irritation persists call a physician or poison center.

**SKIN:** Wash with soap and plenty of water. If irritation develops, call a physician or poison center.

**INHALATION:** If symptoms are experienced move person to fresh air. Call a physician or poison center. If not breathing, give artificial respiration.

**INGESTION:** DO NOT induce vomiting. Call a physician or poison center immediately. If vomiting occurs have victim lean forward to reduce risk of aspiration.

**Disposal:** When container is empty, rinse completely and recycle if available. If recycling is not available, wrap and place container in a trash collector.

An MSDS for this product is available through AMRO's website at [www.amroproducts.com](http://www.amroproducts.com), providing 24 hour access. Please read the MSDS carefully and follow all directions when using or handling this product. Never reuse empty containers. Incompatible materials may adversely react.

### HMS: SPECIFIC HAZARDS:
